PRICE 2 CENTS.

## MEDICINAL.

### HANDICAPPED.

The man who started to run a race in chains and fetters would be visibly handicapped. No one would expect him to succeed. The man who runs the race of life when his digestive and nutritive organs are diseased is equally handicapped. In the one case his strength is over-weighted, in the other it is under-mined. Success demands above all else a sound stomach.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When this is done food is perfectly digested and assimilated and the body receives strength in the only way in which strength can be given—by the nutrition derived from digested and assimilated food.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James H. Ambrose, Esq., of 124 1/2 Millin street, Huntingdon, Pa. "I was taken with what our physicians here said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out, and I did so, and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped, being cured. I have no symptoms of gastric trouble or indigestion now."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

Dr. Pierce's Common Sense Medical Adviser, sent free on receipt of stamps to cover expense of mailing only. Twenty-one one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

### WORLD'S FAIR NOTES.

Thirty-five miles of roadway have been constructed within the World's Fair grounds. A large portion of this is asphalt. Most of the roadways are generously shaded, and all are elaborately treated by the landscape architect.

Two contracts for concessions on The Pike at the fair were let recently. They will be known as the "Magic Whirlpool" and the "Spanish Concession." The latter will be a reproduction of the Court of Lions from the Alhambra and the market place of Triana.

Brazil expects to spend \$600,000 at the fair, the president of the republic having recommended that amount.

The Fair rose garden, which when it covered four acres was the largest in the world, has now been increased to six acres. The site has proven all that was expected, and the young rose bushes are making splendid progress.

A strawberry farm, comprising more than 400 varieties growing on a plot of ground an acre in extent, is a proposed exhibit for the Horticulture Department. Prof. John T. Stinson, Superintendent of Pomology, has charge of the collection of the plants. It is also proposed to have duplicates of the plants growing in pots in the Horticulture Palace, bearing ripe fruit when the exposition doors are opened.

Virginia creepers have been planted around the site of the Palace of Agriculture by Joseph A. Halkinson, superintendent of out-door planting in the Department of Agriculture. These vines will clamber over and cling to the walls of the great 19-acre structure.

The Instituto Medico de Mexico City, says the Mexican Herald, will send to the fair an exhibit of about fifty medicinal plants of the country and the products derived therefrom. Accompanying the exhibit will be a complete explanation as to the place where the plants are found, the procedure for converting them into medicinal products and the ailments which they are destined to cure. Included in the exhibit will be a plant of marvelous qualities. It grows wild and abundantly in the State of Michoacan. The Indians claim that whenever they enter a wood or place where this plant grows, its aroma makes them lose their way and they are unable to return to their homes or to reach their destination until they cease to smell the plant. The Instituto is going to make a scientific study of its physiological effects and an analysis of its properties.

### BANK FAILURES.

The doors of the Bessemer Savings Bank and the Bank of Commerce, both located at Bessemer, Ala., failed to open yesterday as the result of the shortage and supposed flight of T. J. Cornwell, president of the first-named bank. At 2 o'clock yesterday morning Judge Senn, of the City Court, on petition of the depositors of the savings bank, named George H. Stevenson as receiver for that bank, and on petition of the directors of the Bank of Commerce, in which Cornwell was interested, appointed T. O. Smith receiver of the latter bank. None of the Birmingham banks is affected by the failures. The petition for a receiver in the case of the savings bank sets forth that the liabilities are \$235,000, of which about \$230,000 was deposits. The assets are placed at \$35,000. The liabilities of the Bank of Commerce are \$43,000 and assets \$67,000. The latter bank, it is stated, was closed as a precautionary measure, and it is believed it will pay out. Nothing has been heard of President Cornwell. President Cornwell left three notes explaining the shortage. In one, addressed to the public, he says that he lost the money trying to make back \$42,000 he lost in a legitimate business transaction. He further exonerates all the officers of the bank and takes the whole blame on himself. In a letter to his wife, which she was instructed to open Wednesday, he stated that he would not commit suicide. In a third letter addressed to Cashier Cockrell he states that he had nothing left for him to do but "wander on the face of the earth or become a convict in the state mines." The shortage will not affect the Birmingham banks, as they all have taken their paper out. It is understood that a great part of the money was in deposits of the merchants and miners, together with employees of the rolling mills, furnaces and industrial plants of Bessemer. The City of Bessemer will lose \$17,000.

### IN HANDS OF STRIKERS.

The first serious demonstration in the Arizona, Texas, miners' strike occurred Wednesday evening in the capture of the mill of the Detroit Copper Company, at Morenci, by a strong and well-armed force of strikers who disarmed the guard. Made bolder by their success, and realizing that what was to be done must be done before the arrival of the military, 1,000 armed Mexicans and Italians took possession of the town. They threatened the lives of prominent citizens, most of whom are officers and managers of the departments of the copper company. Unvaried reports of violence and casualties have reached El Paso. Representatives of the Western Federation of Miners sent from Colorado are said to have urged moderation. The Arizona militia arrived in camp Wednesday night and was divided among the camps at Metcalfe, Morenci, and Clifton, where special deputies have been stationed. Five troops of cavalry have been sent by President Roosevelt from Fort Grant and Fort Huachuca.

"A dispatch from Denver, Col., says advices reached the headquarters of the Department of the Colorado, from Morenci, Ariz., to the effect that the strikers are armed and have disarmed the police officers, but no details as to the exact situation have been received."

## ALEXANDRIA STEAM BAKERY.

Gen. Baldwin, commanding the Department of the Colorado, has telegraphed the War Department that he has ordered three troops of the Fourteenth Cavalry from Fort Grant, under Col. Lebo, and two troops from Huachuca, under Maj. O'Connor, to Morenci.

### His Last Hope Realized.

[From the Sentinel, Gebo, Mont.] In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by Richard Gibson.

### A Serious Mistake.

E. C. DeWitt & Co. is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures blind, bleeding, itching and protruding piles, burns, bruises, eczema and all skin diseases. Sold by E. S. Leadbeater & Sons.
